The film is a great action movie, and the plot, script and dialogue are thoughtful, thoughtful and informative. In general, a North Korean hero, marred by battle. He fights the Americans, but at the end of the film, he still understands that America and the USA are not the same at all. As in any other action movie, there is a main character here who helps everyone, and with a large margin. And, of course, there is the main villain, who, of course, wants to destroy everyone and everything, and he practically succeeds. But, the most important thing that is in the film is, of course, the atmosphere. The atmosphere of North Korea in the modern world, in a country where a totalitarian regime reigns.
