
EncoreViewer 2.0 Software For Philips Auto Respiroics Machines

June 21, 2011 - I just got a new device - Philips Respiroics System One RemStar Auto A-Flex. I purchased EncoreViewer 2.0 and .NET Framework 4.0, and for the first time I had to use a new computer. It was interesting - I liked it. I would like to share how I did it. First, I started by setting up EncoreViewer and .NET Framework 4.0 on my computer. This takes approximately 10 minutes. I used Internet Explorer to set it up. I then downloaded the EncoreViewer.exe and EncoreViewer.dll files. I then copied the EncoreViewer folder into the EncoreViewer installation folder.
