A: I see two problems (directly) in the code. XmlReader does not know how to read the string to convert to ISO-8859-1. You need to do this: reader.InputStream = new System.IO.StreamReader(stream,System.Text.Encoding.GetEncoding("iso-8859-1")); reader.DateTimeZone = System.Globalization.CultureInfo.InvariantCulture; You are reading many files, and not using the path which is passed to the method. reader.Open(stream, FileMode.Open); You should read one file, and use the data from that file in the method call. But I'd recommend that you find out why you want to do this, because it's not really intended for this purpose. This invention relates to an aqueous ink composition for ink jet printing, which has good jetting properties, good durability and good waterfastness of the printed image. U.S. Pat. No. 4,463,333, which is hereby incorporated by reference, discloses aqueous ink compositions that are suitable for ink jet printing, which are characterized by containing a colloidal, hydrophobically modified polyamine and an inorganic pigment. The ink compositions disclosed are particularly suitable for ink jet printing processes that employ aqueous inks. The present invention relates to an aqueous ink composition for ink jet printing, which comprises a colloidal, hydrophobically modified polyamine, an inorganic pigment and water. Preferably, the ink composition according to the present invention is capable of containing about 20 to about 50% by weight, more preferably about 30 to about 50% by weight, and most preferably about 35 to about 50% by weight, of the colloidal, hydrophobically modified polyamine. Preferably, the ink composition according to the present invention is capable of containing about 0.1 to about 10.0%, more preferably about 0.5 to about 7.0%, and most preferably about 0.6 to about 4.0%, by weight of the inorganic pigment. Preferably, the ink composition according to the present invention is capable of containing about 0.1 to about 20.0%, more preferably about 0.5 to about 15.0%, and most preferably about 0.6 to about 10.0%, by weight, of d0c515b9f4
