The most-requested feature has been to show a visual depiction of the software that gets installed on the system. The software update is accompanied by a CD that installs the new drivers onto a computer that has these devices installed. This allows an ALC speaker to replace a Bose VS-2 as long as the vehicle is running the same software as when the Bose VS-2 was first installed. If, for whatever reason, you don't have the software update disc you need, call 1-888-999-0795 and ask for a disc. However, it is no longer common to have software discs for Bose speakers.
