## Cossacks: European Wars Portable \\\FREE\\

in response to the german invasion of poland, france declared war on germany and the two powers engaged in a series of battles, sometimes fought on horseback and sometimes on motorized vehicles, which resulted in france's defeat. as a result, france lost the land it had occupied during the war, and was forced to cede its colonies. following the war, france became a republic once again. the french foreign legion was disbanded, and is now regarded as a controversial institution, following several accusations of sexual abuse. in 1932, france was one of the founding members of the league of nations, the forerunner to the modern united nations. the japanese empire annexed korea in 1910, and the following year, it forced russia to abandon manchuria. from the latter part of the 20th century onwards, japan began attacking the world by proxy with the rise of imperialism. following a series of naval defeats, the japanese empire was forced to declare war on the united states and great britain in 1941. the japanese empire then invaded and occupied most of southeast asia, as well as the philippines, hong kong, singapore, and malaya. it was then that the united states and britain declared war on the empire. in the last few years, the spanish civil war has erupted, and franco has been able to keep the country in a state of chaos. italy then declared war on the allies in order to keep its colonies. after a series of victories, italy conquered a large portion of the african continent, including libya, abyssinia, and eritrea, while french forces advanced into cameroon and the german african colonies. in north africa, france's war against italy has led to a stalemate as the french eventually have to accept the italian territorial supremacy. this war has proven to be a real challenge for the french troops, as they were forced to fight in the desert. this has resulted in a lot of desertification in north africa, as well as a rise in diseases such as malaria.
